Medical Grade Power Adapter

Medical grade power adapters certified to IEC EN60601, featuring low leakage current and high reliability for medical devices.

Models in this series

YN10MED · YN24MED · YN48MED

3 products | from page 3

YN10MED 10W Medical Grade

Specifications

Input Voltage	AC 100-240V 0.4A
Output Voltage	5-24VDC
Output Current	0.01-2A
Max Power	10W

Product Introduction

Medical grade power adapters certified to IEC EN60601, featuring low leakage current and high reliability for medical devices. (10W, 5-24VDC)

YN24MED 24W Medical Grade

Specifications

Input Voltage	AC100-240V 0.8A
Output Voltage	5-24VDC (可调)
Output Current	0.01-4A (可调)
Max Power	24W

Product Introduction

Medical grade power adapters certified to IEC EN60601, featuring low leakage current and high reliability for medical devices. (24W, 5-24VDC (可调))

Product Gallery

YN48MED 48W Medical Grade

Specifications

Input Voltage	
Output Voltage	9-30VDC (宽幅可调)
Output Current	0.01-5A (灵活可调)
Max Power	48W

Product Introduction

Medical grade power adapters certified to IEC EN60601, featuring low leakage current and high reliability for medical devices. (48W, 9-30VDC (宽幅可调))

Product Gallery

PD Fast Charging Power Adapter

PD fast charging power adapters supporting multiple protocols, ideal for smartphones, tablets and notebooks.

Models in this series

YN65WPD · YN20PD · YN20WPD · YN30WPD · YN65PD · YN30PD · YN45WPD

7 products | from page 7

YN65WPD 65W PD Fast Charging

Specifications

Input Voltage	AC100-240V 2A
Output Voltage	3.6-48Vdc
Output Current	0.01-8A
Max Power	72W

Product Introduction

PD fast charging power adapters supporting multiple protocols, ideal for smartphones, tablets and notebooks. (65W, 3.6-48Vdc)

YN20PD 20W PD Fast Charging

Specifications

Input Voltage	
USB-C Output	
USB-A Output	
Max Power	20W (双口智能分配)

Product Introduction

PD fast charging power adapters supporting multiple protocols, ideal for smartphones, tablets and notebooks. (20W)

Product Gallery

YN20WPD 20W PD Fast Charging

Specifications

Input Voltage	AC 100-240V 0.5A
Output Voltage	
Max Power	21W Max

Product Introduction

PD fast charging power adapters supporting multiple protocols, ideal for smartphones, tablets and notebooks. (20W, 5V 3A / 9V 2.25A / 12V 1.75A)

Product Gallery

YN30WPD 30W PD Fast Charging

Specifications

Input Voltage	AC 100-240V 0.5A
Output Voltage	
Max Power	30W Max

Product Introduction

PD fast charging power adapters supporting multiple protocols, ideal for smartphones, tablets and notebooks. (30W, 5V3A / 9V3A / 12V2.5A / 15V2A / 20V1.5A)

Product Gallery

YN65PD 65W PD Fast Charging

Specifications

Input Voltage	AC 100-240V 0.5A 50/60Hz
USB-C Output	
USB-A Output	5V/2.4A (12W Max)
Max Power	

Product Introduction

PD fast charging power adapters supporting multiple protocols, ideal for smartphones, tablets and notebooks. (65W)

YN30PD 30W PD Fast Charging

Specifications

Input Voltage	AC 100-240V 0.5A
USB-C Output	
USB-A Output	5V/9V/12V/20V 30W Max
Max Power	30W (双口共享)

Product Introduction

PD fast charging power adapters supporting multiple protocols, ideal for smartphones, tablets and notebooks. (30W)

Product Gallery

YN45WPD 45W PD Fast Charging

Specifications

Input Voltage	AC100-240V 1.5A
Output Voltage	
Max Power	45W

Product Introduction

PD fast charging power adapters supporting multiple protocols, ideal for smartphones, tablets and notebooks. (45W, 5V/3A、 9V/3A、 12V/3A、 15V/3A、 20V/2.25A)

Industrial High-Power Power Adapter

Industrial high-power desktop power supplies, wide voltage and high reliability for industrial automation and large equipment.

Models in this series

120W-220W桌面式电源适配器 · 252W桌面式电源适配器 · 130W · 100W · 72W · 600W · 250W · 300W/360W桌面式电源适配器 · 360W · 600W/720W桌面式电源适配器 · 180W

11 products | from page 15

120W-220W桌面式电源适配器 120W Industrial High-Power

Specifications

Please contact sales for detailed specifications

Product Introduction

Industrial high-power desktop power supplies, wide voltage and high reliability for industrial automation and large equipment. (120W)

252W桌面式电源适配器 252W Industrial High-Power

Specifications

Please contact sales for detailed specifications

Product Introduction

Industrial high-power desktop power supplies, wide voltage and high reliability for industrial automation and large equipment. (252W)

130W 130W Industrial High-Power

Specifications

Please contact sales for detailed specifications

Product Introduction

Industrial high-power desktop power supplies, wide voltage and high reliability for industrial automation and large equipment. (130W)

100W 100W Industrial High-Power

Specifications

Please contact sales for detailed specifications

Product Introduction

Industrial high-power desktop power supplies, wide voltage and high reliability for industrial automation and large equipment. (100W)

72W 72W Industrial High-Power

Specifications

Please contact sales for detailed specifications

Product Introduction

Industrial high-power desktop power supplies, wide voltage and high reliability for industrial automation and large equipment. (72W)

600W 600W Industrial High-Power

Specifications

Please contact sales for detailed specifications

Product Introduction

Industrial high-power desktop power supplies, wide voltage and high reliability for industrial automation and large equipment. (600W)

250W 250W Industrial High-Power

Specifications

Please contact sales for detailed specifications

Product Introduction

Industrial high-power desktop power supplies, wide voltage and high reliability for industrial automation and large equipment. (250W)

300W/360W 桌面式电源适配器 300W Industrial High-Power

Specifications

Please contact sales for detailed specifications

Product Introduction

Industrial high-power desktop power supplies, wide voltage and high reliability for industrial automation and large equipment. (300W)

360W 360W Industrial High-Power

Specifications

Please contact sales for detailed specifications

Product Introduction

Industrial high-power desktop power supplies, wide voltage and high reliability for industrial automation and large equipment. (360W)

600W/720W 桌面式电源适配器 600W Industrial High-Power

Specifications

Please contact sales for detailed specifications

Product Introduction

Industrial high-power desktop power supplies, wide voltage and high reliability for industrial automation and large equipment. (600W)

180W 180W Industrial High-Power

Specifications

Please contact sales for detailed specifications

Product Introduction

Industrial high-power desktop power supplies, wide voltage and high reliability for industrial automation and large equipment. (180W)

Desktop Adjustable Power Adapter

Desktop adjustable power adapters with wide output voltage range and high current for industrial and IT equipment.

Models in this series

YN330W · YN160W · YN100W · YN72W · YN180W电源适配器 · YN120W · YN65W · YN65W1

8 products | from page 27

YN330W 330W Desktop Adjustable

Specifications

Input Voltage	AC 100-240V 3.5A
Output Voltage	9-58VDC (可调)
Output Current	0.01-25A
Max Power	330W

Product Introduction

Desktop adjustable power adapters with wide output voltage range and high current for industrial and IT equipment. (330W, 9-58VDC (可调))

YN160W 160W Desktop Adjustable

Specifications

Input Voltage	AC 100-240V 2.5A
Output Voltage	9-58VDC
Output Current	0.01-12.5A
Max Power	160W

Product Introduction

Desktop adjustable power adapters with wide output voltage range and high current for industrial and IT equipment. (160W, 9-58VDC)

YN100W 100W Desktop Adjustable

Specifications

Input Voltage	AC 100-240V 2.5A
Output Voltage	9-58VDC (可调)
Output Current	0.01-8A (最大8A)
Max Power	100W

Product Introduction

Desktop adjustable power adapters with wide output voltage range and high current for industrial and IT equipment. (100W, 9-58VDC (可调))

Product Gallery

YN72W 72W Desktop Adjustable

Specifications

Input Voltage	AC 100-240V 1.5A
Output Voltage	9-48VDC (可选)
Output Current	0.01-6A
Max Power	72W

Product Introduction

Desktop adjustable power adapters with wide output voltage range and high current for industrial and IT equipment. (72W, 9-48VDC (可选))

Product Gallery

YN180W电源适配器 180W Desktop Adjustable

Specifications

Input Voltage	AC100-240V 3A
Output Voltage	9-60V (可调)
Output Current	0.01-12A (可调)
Max Power	180W

Product Introduction

Desktop adjustable power adapters with wide output voltage range and high current for industrial and IT equipment. (180W, 9-60V (可调))

Product Gallery

YN120W 120W Desktop Adjustable

Specifications

Input Voltage	AC 100-240V 2.5A
Output Voltage	9-60V (可调)
Output Current	0.1-10A (可调)
Max Power	120W

Product Introduction

Desktop adjustable power adapters with wide output voltage range and high current for industrial and IT equipment. (120W, 9-60V (可调))

YN65W 65W Desktop Adjustable

Specifications

Please contact sales for detailed specifications

Product Introduction

Desktop adjustable power adapters with wide output voltage range and high current for industrial and IT equipment. (65W)

YN65W1 65W Desktop Adjustable

Specifications

Input Voltage	AC 100-240V 2A
Output Voltage	29V2A / 29V1A
Max Power	65W

Product Introduction

Desktop adjustable power adapters with wide output voltage range and high current for industrial and IT equipment. (65W, 29V2A / 29V1A)

Horizontal/Compact Power Adapter

Horizontal and compact power adapters with wide input voltage and replaceable plugs for small appliances.

Models in this series

YN12USB · YN36W · YN48W · YN24WV · YN18W · YN07W · YN05USB

7 products | from page 36

YN12USB 12W Horizontal/Compact

Specifications

Input Voltage	AC100-240V 50/60Hz
Output Voltage	5-24VDC (宽电压)
Output Current	0.01-2.2A
Max Power	12W

Product Introduction

Horizontal and compact power adapters with wide input voltage and replaceable plugs for small appliances. (12W, 5-24VDC (宽电压))

Product Gallery

YN36W 36W Horizontal/Compact

Specifications

Please contact sales for detailed specifications

Product Introduction

Horizontal and compact power adapters with wide input voltage and replaceable plugs for small appliances. (36W)

Product Gallery

YN48W 48W Horizontal/Compact

Specifications

Input Voltage	AC 100-240V 1.5A
Output Voltage	9-24VDC 可调
Output Current	0.01-5A
Max Power	48W

Product Introduction

Horizontal and compact power adapters with wide input voltage and replaceable plugs for small appliances. (48W, 9-24VDC 可调)

Product Gallery

YN24WV 24W Horizontal/Compact

Specifications

Input Voltage	AC 100-240V (宽幅电压)
Output Voltage	DC 5-24V (可调)
Output Current	0.01-4A
Max Power	24W

Product Introduction

Horizontal and compact power adapters with wide input voltage and replaceable plugs for small appliances. (24W, DC 5-24V (可调))

Product Gallery

YN18W 18W Horizontal/Compact

Specifications

Input Voltage	AC100-240V
Output Voltage	5-24VDC (可调)
Output Current	0.01-3.2A
Max Power	18W

Product Introduction

Horizontal and compact power adapters with wide input voltage and replaceable plugs for small appliances. (18W, 5-24VDC (可调))

YN07W 7W Horizontal/Compact

Specifications

Input Voltage	AC 100-240V 0.2A
Output Voltage	1.6-24VDC (宽幅可调)
Output Current	0.01-1.5A
Max Power	7.5W

Product Introduction

Horizontal and compact power adapters with wide input voltage and replaceable plugs for small appliances. (7W, 1.6-24VDC (宽幅可调))

Product Gallery

YN05USB 10W Horizontal/Compact

Specifications

Input Voltage	
Output Voltage	DC 5V
Output Current	1-2A (自适应)
Max Power	5-10W Max

Product Introduction

Horizontal and compact power adapters with wide input voltage and replaceable plugs for small appliances. (10W, DC 5V)

Product Gallery

Universal Adjustable Power Adapter

Universal adjustable power adapters with replaceable plugs, wide output voltage and energy efficiency VI.

Models in this series

YN15W · YN36W · YN24W

3 products | from page 44

YN15W 15W Universal Adjustable

Specifications

Input Voltage	AC100-240V 0.4A
Output Voltage	4.2-24Vdc (可调)
Output Current	0.01-2.5A
Max Power	15W

Product Introduction

Universal adjustable power adapters with replaceable plugs, wide output voltage and energy efficiency VI. (15W, 4.2-24Vdc (可调))

YN36W 36W Universal Adjustable

Specifications

Input Voltage	AC 100-240V , 1.2A
Output Voltage	5-24VDC (可选)
Output Current	0.01-5A (最大5A)
Max Power	36W

Product Introduction

Universal adjustable power adapters with replaceable plugs, wide output voltage and energy efficiency VI. (36W, 5-24VDC (可选))

Product Gallery

YN24W 24W Universal Adjustable

Specifications

Please contact sales for detailed specifications

Product Introduction

Universal adjustable power adapters with replaceable plugs, wide output voltage and energy efficiency VI. (24W)
