YN65W1

Product Overview

Specifications

| Parameter      | Specification                    |
|----------------|----------------------------------|
| Input          | 29V2A / 29V1A                    |
| Output         | 65W                              |
| Size           | 63×63×28mm                       |
| Temperature    | 40                               |
| Efficiency     | /                                |
| Output Voltage | DC                               |
| Certification  | CBULFCCUKCA SAARCMPSKKCKCCQC BIS |

Product Features

- Input: AC100-240V
- Output: 40W
- Size: 63×63×28mm
- Temperature: 40
- Efficiency: DC
- Certification: CBULFCCUKCA
- Other: CO2

Applications

- PC
- LED
- IoT
